| Biological Society                        | Our mission as an events-based academic club is to bridge what is learned in biology classes with real-life opportunities and applications. We aim to educate our members about biology with NYC-based institutions, lectures, and through a variety of media forms. | President: Raveena Vakil, rv692@nyu.edu |
| Asian Pacific American Medical Student Association (APAMSA) | Asian Pacific American Medical Student Association (APAMSA) is a national organization of medical and pre-medical students committed to addressing the unique health challenges of Asian and Pacific Islander American (APIA) communities. APAMSA serves as a forum for student leaders to engage these health issues and develop initiatives and projects addressing those needs. The local, regional, and national activities of APAMSA aim to promote the health of the APIA community and help healthcare workers understand how to care for APIA patients in a culturally sensitive manner. The undergrad chapter of APAMSA NYU provides an important venue for medical students to meet, exchange experiences, and develop personally and professionally through leadership and service. | President: John Yuen, john.yuen@nyu.edu

| Operation Dreamcatchers             | The mission of Operation Dreamcatchers is to be a leading and charitable not-for-profit organization that promotes awareness in healthcare worldwide. They collect monetary donations to alleviate medical disparities by purchasing medical supplies for underprivileged charitable institutions in underdeveloped countries abroad. All monetary donations collected will be used to purchase the needed medical supplies, which will be sent to the intended charitable institution where visiting members of Operation Dreamcatchers will ensure that the medical supplies are properly received by beneficiaries. In fulfilling their mission, they hope to encourage leadership, character, service, and charity. | operation-dreamcatchers@lists.nyu.edu |
| Peer Health Exchange               | Our mission is to provide teenagers with the knowledge and skills they need to make healthy decisions. We do this by training college volunteers to teach a comprehensive health curriculum to freshmen in public high schools throughout New York City. | Savannah Sharp: sls713@nyu.edu  
Andrew Levitan: asl442@nyu.edu |
